Subject: Tentative Approval of Amended Notice of Intention, Utelite Corp. Utelite Mine, M/043/004, Summit County, Utah

Dear Mr. Mortensen:

Thank you for your amended Notice of Intention to add an additional area to your operations, which was received September 4, 2003. This area had been inspected on August 14, 2003 to determine how much of the additional area was already included in the approved Utelite permit and how much area would need to be added. Results of this inspection and GPS survey showed an additional 1.6 acres would be added to the existing permit area.

By way of this letter, the Division issues tentative approval of this amendment. Final approval will be granted upon receipt and approval of an additional \$4,900.00 reclamation surety. Currently, the Division holds a \$147,900 Letter of Credit issued by Wells Fargo Bank. If you have Wells Fargo Bank amend the existing Letter of Credit to \$152,800.00, you will not be required to change the Reclamation Contract. If possible, please provide the amended surety to the Division by May 3, 2004.

Thank you for your patience and cooperation in completing this permit amendment. Should you have any questions regarding this letter, please do not hesitate to call me or Lynn Kunzler at (801) 538-5286 and 53805310, respectively..

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
